## BURIED ALIVE AT SEA

CALAIS, France, May 27.—Sunk in thirty fathoms of water, with her crew alive within her hull, signaling to rescuers, the French submarine Pluviose lies in the English Channel, while frantic efforts are being made by wreckers to raise her to the surface before the men within her die of suffocation.

The Pluviose was maneuvering in the channel early yesterday morning with her full crew of thirty men on board, when she was struck by the French steamer Pas de Calais, bound for Dover. She was partially submerged at the time of collision, the steamer striking her fairly amidships before she had been picked up by the lookout.

Special despatches to the London Times say that wreckers have chains attached to her and are trying desperately to raise her. The divers who went down to attach the chains report that they were able to hear the rappings of the members of the crew on the inside of the hull as they worked. The divers rapped back in order to let the imprisoned men know that everything was being done for their rescue that was possible.

### CORNER SMASHED

CHICAGO, May 27.—James and George Patten broke the wheat market yesterday by unloading eight million bushels of September wheat, after which they announced their withdrawal from the firm that has been attempting the corner. Under heavy selling, September wheat broke four and a half points and May deliveries declined five cents.

James Patten's losses in the attempt to corner are estimated to be between six hundred and forty thousand and one million two hundred thousand dollars.

### DISASTROUS WRECK

PUNTA ARENAS, May 27.—The news has just reached here of the loss of the British bark Swanhilda, wrecked on the coast of Terra del Fuego. Captain Pyne, his wife and thirteen members of the crew were drowned when the bark went to pieces on the rocks.

The Swanhilda was bound for Cardiff from the west coast of South America, being last sighted, according to the Maritime Register of May 4, in 17 N. 26 W. This was on March 31, when she was sixteen days out.

## AT THE THEATERS

The audience at the theaters last evening were not bad, considering that it was mid-week and that at most of the houses the programs were not heavy. The biggest crowd by long odds was at the Park, where the new combination which had arrived in the forenoon from the Colonies appeared for the first time. The Empire and Novelty had fair houses, and the Bonine was probably up to the mark for an off evening.

### NICOLA & CO.

Nicola, the famous magician, illusionist and handcraft expert will appear at the Bonine next week, and announcements of his engagements are out today. The principal in this great show will be supported by a fine company. The admission charges have been arranged as follows: Reserved seats, boxes 75 cents; main floor, 50 cents; side balconies upstairs, 35 cents; gallery, 25 cents. The reserved seats sale will open at the theater at 10 o'clock tomorrow morning. The advance agent of the company will arrive here by the steamer from Vancouver this afternoon.

Tonight and tomorrow night the same excellent features of last evening will be staged at the Bonine.

### THE EMPIRE.

Rose and Rose and Miss McNeill will continue on the vaudeville end of the program at the Empire tonight and tomorrow night. A very excellent picture program has been made out, of which the following are the leading features: "A Sealed Room" and "Little Darling," dramatic; "Annual Celebration of School Children," scenic; "The Moon for Her Love," a beautiful colored series; and comic and tragic specialties. By urgent request of old friends, Miss McNeill will sing her celebrated baby songs.

## WANT HAWAII NOT TO SELL, MAKE OR IMPORT LIQUOR

There was an enthusiastic and what will prove a historic gathering in Y. M. C. A. hall last evening, when the prohibition campaign committee of over a hundred men together with other workers against liquor, met to select an executive committee and to adopt a platform. L. A. Thurston and J. A. Magoon loomed large in the operations of organization.

The platform is announced as follows:

"The people's prohibition league, comprising citizens of all races, all political parties, all religious beliefs, and no political or religious affiliations, declares itself to be in favor of prohibiting the manufacture and sale within the Territory of intoxicating spirituous, vinous and malt liquors, except for medicinal and scientific purposes.

"It further declares that if prohibition shall be carried at the coming special election, it should be promptly enacted by the next legislature in such a manner, so far as within the legislative power, that it will both be effectual and affect all people with absolute impartiality.

"And it further declares that the importation of intoxicating, spirituous, vinous and malt liquors into this Territory, except for medicinal or scientific purposes, should be prohibited by congress.

"To that end it invites the earnest cooperation of all who are in accord with the declaration.

The league officers are:

J. P. COOKE, Chairman.

R. H. TRENT, First Vice-Chairman.

DAVID KALAUOKALANI SR., Second Vice-Chairman.

C. H. DICKEY, Secretary.

J. R. GALT, Treasurer.

FRED. W. BECKLEY, ABRAHAM FERNANDEZ, A. GARTLEY, WILLIAM HENRY, J. K. KALANIANAOLE, EBEN P. LOW, A. S. MAHAULU, PAUL SUPER, L. A. THURSTON, Executive Committee.

## FERN VETOES BITULITHIC

The center event of the meeting of the Board of Supervisors last evening was the veto by Mayor Fern of the ordinance calling for the pavement of a portion of Fort street by the bitulithic process.

The board without discussion deferred consideration of the veto.

The Mayor's veto message is as follows:

"Gentlemen:—I return herewith Bill No. 22, 'An ordinance relating to the paving of Fort street, in the district of Honolulu, between the makai side of Queen street and the mauka side of Beretania avenue with "bitulithic pavement," without my approval and do hereby specifically disapprove same for the reasons hereinafter set forth.

"Quoting in part from my message to this board of date, March 29, 1910, 'I wish it thoroughly understood that I am in nowise opposed to, but in hearty favor of, such road construction and improvement in the city and county as the public finances will admit of and that I will gladly co-operate with your honorable body in any way I properly can toward bringing about results in that direction.'

"I believe the roads throughout the island are in better shape today than ever before and show a judicious expenditure of public money; therefore at this time I would call your attention to the other departments which need improvements and have been neglected for the sake of the roads.

"The argument has been raised that the proposed contract provided for by taking the money necessary from the Honolulu road department's regular appropriation but by so doing the department work would be so crippled that not even the necessary upkeep work would be done but the petitions from various new communities and localities where there is a very poor, or no road at all, would be neglected

given above, which was unanimously adopted. He referred to the splendid representation of all creeds, classes, trades professions and politics at the big meeting:

"We are entering upon a hard fight against determined people," said the speaker, "and I want to call your attention to the fact that the ones leading the fight against us are not the ones who want to drink, but the ones who want to sell the drink."

"We are in a winning fight. The victory may not come at the election, but it will come some time. This is the beginning of a fight that will cease only when we have won, and we will win sooner or later."

Governor Frear was an earnest member of the meeting.

General committeemen present were:

Andrew Adams, C. C. Atherton, John A. Baker, Fred W. Beckley, W. R. Brinckerhoff, W. A. Bryan, Bernardo Camara, John Cassidy, H. W. Chamberlain, Byron O. Clark, J. P. Cooke, Eli J. Crawford, Geo. P. Denison, C. H. Dickey, B. F. Dillingham, Harold G. Dillingham, A. A. Eber-sole, Abraham Fernandez, J. H. Fisher, W. T. Frear, J. R. Galt, A. Gartley, W. W. Goodale, James Gregory, O. H. Gulick, Olo Hahane, J. H. Imikia, J. T. Jones, P. C. Jones, Hiram Kaaka, J. K. Kaalpuua, Kaalelekaal, David Kalanokalani, sr., S. K. Kamaloipi, Sam Kaua, C. K. Kealoha, Eben P. Low, F. J. Lowrey, James A. Lyle, J. A. Magoon, John Mahuka, A. J. Mawae, J. M. McChesney, A. C. McKeever, B. F. McStocker, J. P. Mendiola, Sam Nalua, Jr., Rev. M. K. Nakuina, M. C. Pacheco, James Poni, W. K. PORTLAND, May 7.—Queen Elizabeth of Roumania may visit Portland and the Pacific coast this autumn at the conclusion of the meeting of the International Esperanto Congress, which will convene in Washington, August 14, for a week's session.

and disregarded for another six months.

"I am of the opinion that the promises made to the fire, police and electric light departments should be kept in so far as necessary repairs and renewals, etc., are concerned, if there is any money over and above our coming appropriation bill.

"Figures from the tax office show only a slight increase so far this year over the same period last year in taxes and we are still somewhat in the dark as to the exact amount the territorial auditor will give us in our July clean up. Nevertheless it does not look as if there will be a great amount of money left after taking care of the June bills which were set over into July in order to make up the deficit incurred during the present period.

"Basing my objections on the financial condition of the city and county and the promises made to the other departments months before the paving contract came up, as I said above, I can not see my way clear to approve the ordinance. Yours respectfully,

"JOS. J. FERN,

"Mayor."

### PROFESSIONAL JURYMEN.

ATLANTIC CITY, May 5.—Five hundred hotel men, brokers, clergymen and other leading citizens were scheduled as professional jurymen to-day when Judge Robert H. Ingersoll, of the District Court, complied with a newly enacted law by drawing a permanent panel to serve in petty cases during the next twelve months. The law was passed to improve the standard of talesmen. The new law increases the compensation of talesmen from 25 to 75 cents for each case in which they serve.
